Name of the Pupil : ..... Roll Number .....

### I. Listening and Responding :

Grade

One day, an angel was talking to mother nature about the beauty of the planet earth. She said, "Mother, the earth looks so beautiful because of you with green trees, colourful flowers, rivers, hills, water falls ....."

Mother nature said, "yes dear. The man and the animals live happily on the earth because of them."

The Angel asked, "What will happen if there are no trees on the earth ?"

The mother nature said with smile, "How foolish are you to think like that. Trees are part of me. I have sent them to the earth to look after the man and animals. They are there to give them fresh air to breath, food to eat, and not only that they protect them from hot sun.

(Page no. 140 of my English world - III)

Answer the following questions :
